**Administration:**

Program Director: Mitchell Roitman

**Program Codes:**

20FS0323MS (MS)  
20FS0323PHD (PhD)  
20FS0323NDEG (Nondegree)

The Graduate Program in Neuroscience is primarily geared toward the pursuance of a Doctor of Philosophy degree in Neuroscience. A Master of Science degree in Neuroscience is also attainable by physician residents in Psychiatry (see note on MS page). As a multidisciplinary program, students have numerous research opportunities in several departments across the campus. Fields of study cluster around three areas of concentration: neural signal transduction and molecular biology; systems and integrative neuroscience; and human/therapeutic neuroscience, cognition, and neural imaging.

## Admission and Degree Requirements

- [MS in Neuroscience](#)
- [PhD in Neuroscience](#)
