

MD - Ophthalmology-Chicago (COPT)

Courses

COPT 601. Ophthalmology. 4 hours.

A ophthalmology clinical rotation focuses on the proper performance of a basic comprehensive eye examination. This will enable students to evaluate various ocular complaints and to better diagnose eye diseases. Course Information: Field work required. Prerequisite(s): Completion of 3rd Year.

COPT 690. Away Rotation in Ophthalmology. 1-15 hours.

An elective in Ophthalmology taken outside the University of Illinois College of Medicine with prior approval. Course Information: May be repeated. Students may enroll in more than one section per term. Field work required. Prerequisite(s): Completion of 3rd Year.

COPT 694. Special Topics in Ophthalmology. 1-15 hours.

Special or new topics in Ophthalmology. Course Information: May be repeated. Students may enroll in more than one section per term. Field work required. Prerequisite(s): Completion of 3rd Year.

COPT 696. Individualized Elective in Ophthalmology. 1-15 hours.

Individualized elective in Ophthalmology under the supervision of a faculty member or physician to fit students' interests or customized experiences with prior approval. Course Information: May be repeated. Students may enroll in more than one section per term. Field work required. Prerequisite(s): Completion of 2nd Year.

COPT 697. Research Elective in Ophthalmology. 1-15 hours.

Student-proposed research under a faculty member in Ophthalmology; available with prior approval. Course Information: May be repeated. Students may enroll in more than one section per term. Field work required. Prerequisite(s): Completion of 2nd Year.
