UIC's online IBHE-approved postmaster's certificate in health informatics program provides opportunities for self-motivated, experienced healthcare or IT professionals who have already attained at least a master's-level degree, to attain high-level knowledge about the application and management of computers within the healthcare setting.

All courses are delivered using online instruction that provides quality learning in a structured environment for healthcare professionals, as well as those working in public health, health information or technology management, and management-level business professionals.

This certificate signifies that graduates are conversant in the implementation, operation, and control of health information systems. Course work emphasizes development of a state-of-the-art skill set and knowledge base grounded in healthcare information sciences.
