The catalog is updated as degree programs, courses, and requirements change. A list of the most recent program and requirement changes is located on the *Program Changes and Updates* page.

The Graduate Catalog is archived in late summer each year and, along with older catalogs, is available in the *Archive and Links* section.

The catalog is an academic planning tool for graduate students and includes a list of all degree programs, professional programs, and certificates available at UIC. Admissions, application, degree requirement, and university information pertinent to all Graduate College students is also included. In addition, the catalog provides a listing of the graduate faculty and links to the Graduate College website and catalog archive.

The Graduate Course Descriptions section lists all the graduate courses at UIC. However, not all courses are offered during a given semester. Students will find current course offerings in the *Schedule of Classes*, which is published online before registration begins.
