Administration:
Co-Directors: Allyson Holbrook, Timothy Johnson

The Interdepartmental Graduate Concentration in Survey Research Methodology (GCSRM) is available at both the master’s and doctoral levels, in conjunction with several participating units. The primary goal of the interdisciplinary graduate curriculum in survey research methodology is to provide graduate students with the opportunity for systematic, integrated study of issues relevant to the conduct of professional survey research. Graduate students electing the concentration receive the master’s or PhD after having fulfilled the requirements of the Graduate College, their major academic units, and the Interdepartmental Graduate Concentration in Survey Research Methodology. Students in the following graduate programs may be eligible to participate in the Interdepartmental Graduate Concentration in Survey Research Methodology:

### Graduate Program    Level
Communication       MA, PhD
Criminology, Law, and Justice  MA, PhD
Educational Psychology  PhD
Measurement, Evaluation, Statistics, and Assessment  MEd
Nursing             PhD
Nursing Practice    DNP
Pharmacy            MS, PhD
Political Science   MA, PhD
Public Administration  MPA, PhD
Public Health-Community Health Sciences  MS, PhD
Rehabilitation Sciences  MS
Social Work        PhD
Sociology          MA, PhD
Urban Planning and Policy  MUPP, PhD
Youth Development  MEd

Note: Other academic units may have become participants since the publication of this catalog. Students in academic units not listed above should contact one of the GCSRM co-directors for current information.

Admissions Requirements
Applicants are considered on an individual basis. Applicants must be admitted or enrolled as regular graduate students in one of the participating academic units. Application forms can be obtained from the GCSRM website. Admission to the concentration must be made before the term in which the student will obtain the degree.

Degree Requirements
- Fulfillment of all academic unit requirements.
- In the case of doctoral students who have opted to use the concentration as a minor or collateral area, the student must include a member of the Survey Research Methodology Graduate Faculty as a voting member of his/her doctoral preliminary examination committee.
- **Minimum Semester Hours Required** A minimum of 14 semester hours of course work, of which at least 7 must be from among the core courses in the concentration. If a student elects to complete both BSTT 507 and STAT 431, only one of those courses may be counted toward fulfilling the core course requirement.
