

Additional Interdisciplinary Opportunity

In addition to the programs in Engineering Management (see the *Department of Mechanical and Industrial Engineering* section) and Engineering Physics (see the *Department of Electrical and Computer Engineering* section), the College of Engineering offers the following interdisciplinary minor:

Minor in International Studies

The scope of operations for many engineering companies is becoming more international each year. These companies are placing a percentage of their engineers outside the United States. In order to be prepared for living and working in a different culture, the College of Engineering offers the International Studies Minor, a cluster of courses related to a specific country outside of the United States.
