In addition to the programs in Engineering Management (see the Department of Mechanical and Industrial Engineering section) and Engineering Physics (see the Department of Electrical and Computer Engineering section), the College of Engineering offers the following interdisciplinary minor:

Minor in International Studies
The scope of operations for many engineering companies is becoming more international each year. These companies are placing a percentage of their engineers outside the United States. In order to be prepared for living and working in a different culture, the College of Engineering offers the International Studies Minor, a cluster of courses related to a specific country outside of the United States.
