BS in Physics

Program Codes:
20FT0240BS

Degree Requirements
To earn a Bachelor of Science in Physics degree from UIC, students must complete university, college, and department degree requirements. The Department of Physics degree requirements are outlined below. Students should consult the College of Liberal Arts and Sciences section for additional degree requirements and college academic policies.

Requirements for the Curriculum
The requirements for the curriculum include the courses necessary to complete the General Education and Writing-in-the-Discipline requirements described in the College of Liberal Arts and Sciences section.

Note:
- ENGL 160 and ENGL 161 fulfill the University Writing Requirement.
- Students should consult the General Education section of the catalog for a list of approved courses in this category.
- MATH 180 fulfills the LAS Quantitative Reasoning requirement.
- This course is approved for the Analyzing the Natural World General Education category.
- General Education credit is given for successful completion of both CHEM 122 and CHEM 123 or CHEM 124 and CHEM 125.
- Students planning to pursue graduate studies in physics are strongly encouraged to take both of these courses.
- PHYS 481 fulfills the LAS Writing-in-the-Discipline requirement.
- A grade of C or better is required in PHYS 499.
- Concurrent registration in PHYS 481 and PHYS 499 is required.

Recommended Plan of Study
Physics is a discipline that carefully builds additional knowledge on a foundation of previously learned science and mathematics. To complete the physics curriculum in four years, therefore, requires careful planning, especially because the upper-division courses are offered at most once per year and have prerequisites. A recommended typical course sequence for the BS degree is given below.

**Total Hours** 120

---

*a The BS degree requires PHYS 402 or PHYS 412, but both are recommended for students who plan to go to graduate school in physics.*

---

Students who are not prepared to begin MATH 180 in their first semester may need to attend summer school or possibly take more than four years to finish their BS degree.

In addition to the degree programs shown above, there is an Engineering Physics program available through the College of Engineering.
