

# Pre-Nursing

The goal of the baccalaureate nursing program is to prepare nurses to function in a variety of settings: hospitals, clinics, rehabilitation centers, convalescent centers, military installations, and public health institutions, such as health departments and home healthcare agencies. Graduates assess the degree of health or illness of individuals, plan, implement, evaluate, and supervise nursing care. Graduates of this program have collegial and independent relationships with other members of the healthcare team.

The prerequisite course work listed below prepares the student to apply to the Bachelor of Science in Nursing (BSN) program in the UIC College of Nursing. Completion of the pre-nursing curriculum does not guarantee admission to the College of Nursing. All prerequisite course work must be completed with a grade of C or higher.

Code	Title	Hours
<b>Required Courses</b>		
ENGL 160	Academic Writing I: Writing in Academic and Public Contexts	3
ENGL 161	Academic Writing II: Writing for Inquiry and Research	3
BIOS 350	General Microbiology <sup>a</sup>	3
CHEM 122	General Chemistry I Lecture <sup>b,c</sup>	4
CHEM 123	General Chemistry Laboratory I <sup>b,c</sup>	1
CHEM 130	Survey of Organic and Biochemistry <sup>c</sup>	5
KN 251	Human Physiological Anatomy I <sup>a,d</sup>	5
KN 252	Human Physiological Anatomy II <sup>d</sup>	5
NUEL 250	Human Development Across the Life Span	3
HN 196	Nutrition	3
STAT 101	Introduction to Statistics <sup>e</sup>	4
or STAT 130	Introduction to Statistics for the Life Sciences	
	Exploring World Cultures course <sup>f</sup>	3
	Understanding the Creative Arts course <sup>f</sup>	3
	Understanding the Individual and Society course <sup>f,g</sup>	3
	Understanding the Past course <sup>f</sup>	3
	Understanding U.S. Society course <sup>f,g</sup>	3
	One 3-semester-hour, 200-level, upper-division course in the arts and sciences <sup>h</sup>	3
	LAS Electives (hours may vary)	
<b>Total Hours</b>		<b>57</b>

<sup>a</sup> BIOS 110 is a prerequisite for this course.

<sup>b</sup> General Education credit is given for successful completion of both CHEM 122/CHEM 123.

<sup>c</sup> This course is approved for the Analyzing the Natural World General Education category.

<sup>d</sup> KN 251/KN 252 sequence begins in the fall term only.

<sup>e</sup> STAT 101 or STAT 130 satisfies the Quantitative Reasoning requirement.

<sup>f</sup> Students should consult the [General Education](#) section of the catalog for a list of approved courses in this category.

<sup>g</sup> For the Understanding the Individual and Society requirement, PSCH 100 is recommended; for the Understanding U.S. Society requirement, SOC 100 is recommended.

<sup>h</sup> Students may choose a course from one of these categories: physical sciences, life sciences, mathematical sciences, social sciences, fine arts, performing arts, or humanities. This requirement may be completed after admission to the BSN program.

Applications to the BSN program are accepted for fall admission only. Students applying to the BSN program must meet the following minimum requirements at the time of application:

1. 2.75/4.00 cumulative grade point average
2. 2.50/4.00 natural science grade point average
3. Completion of all pre-nursing course work with a grade of C or higher prior to enrollment. The five natural science courses (human anatomy and physiology I and II, microbiology, general chemistry, survey of organic and biochemistry) must have been completed within seven years of enrollment. Three of the five natural science courses must be completed prior to the application deadline.

In addition, all students will be required to have a background check and drug test upon admission. If the results of either requirement indicate that a student would not be eligible for placement at the college's practicum agencies, the student's admission will be rescinded.

Applications are available in September. The final application deadline is January 15. Students should see the [program website](#) for information regarding current application requirements.
