Engineering (ENGR)

Courses

ENGR 100. Engineering Orientation. 1 hour.
A general orientation course on careers in the engineering profession. Discussion of college advising procedures. Required of all engineering students. Course Information: Satisfactory/Unsatisfactory grading only. No graduation credit. Should be taken in the first semester after acceptance into the College of Engineering. Prerequisite(s): Admission to the College of Engineering.

ENGR 101. Engineering Success Seminar. 1 hour.
General orientation course on careers in engineering with a focus on internship activities. Course Information: Satisfactory/Unsatisfactory grading only. No graduation credit. Required for participation in the Guaranteed Paid Internship Program (GPIP). Prerequisite(s): Open only to freshmen. Recommended background: Intended for freshmen who are participating in the Freshman Engineering Success Program.

ENGR 111. Engineering Practicum in Additive Manufacturing. 1 hour.
Polymeric materials and process-specific aspects of lab safety; computer aided design for 3D printing including support structures; hand-on 3D printing projects; post-processing; integration with subtractive manufacturing. Course Information: Satisfactory/Unsatisfactory grading only. Extensive computer use required. Meets eight weeks of the semester. Prerequisite(s): Approval of the Department.

ENGR 112. Engineering Practicum in Subtractive Manufacturing. 1 hour.
Relevant aspects of shop and machine safety; computer aided machining software; usage of manual and computer numerical control mill and router, laser cutter, lathe, drill press, belt sander and cutoff saw; integration with additive manufacturing. Course Information: Satisfactory/Unsatisfactory grading only. Extensive computer use required. Meets eight weeks of the semester. Prerequisite(s): Approval of the Department.

ENGR 189. Minority Engineering Freshman and Transfer Student Orientation. 1 hour.
Orientation for undergraduate minority engineering students; seminars, lectures and workshops by faculty, upperclass students, administration and industry representatives on topics relevant to ethnic minority groups. Course Information: Satisfactory/Unsatisfactory grading only. No graduation credit. Should be taken in the first semester after acceptance into the College of Engineering. Prerequisite(s): Admission to the College of Engineering. Class Schedule Information: To be properly registered, students must enroll in one Laboratory and one Lecture.

ENGR 193. Engineering Student Leadership Seminar. 1 hour.
Peer student leadership topics in Engineering, team building events, self reflection, feedback and program assessment. Course Information: Satisfactory/Unsatisfactory grading only. May be repeated. Students may register in more than one section per term. No graduation credit. Prerequisite(s): Open only to freshmen.

ENGR 194. Special Topics in Engineering. 1-3 hours.
Multidisciplinary engineering topics that vary from term to term depending on current student and instructor interests. Course Information: May be repeated. Students may register in more than one section per term.

ENGR 289. Cooperative Engineering Practice. 0 hours.
Off-campus participation in a governmental or industrial training program. Course Information: Satisfactory/Unsatisfactory grading only. May be repeated. Prerequisite(s): Enrollment in the Cooperative Engineering Program.

ENGR 293. Engineering Student Leadership Seminar. 1 hour.
Peer student leadership topics in Engineering, team building events, self reflection, feedback and program assessment. Course Information: Satisfactory/Unsatisfactory grading only. May be repeated. Students may register in more than one section per term. No graduation credit. Prerequisite(s): Open only to sophomores.

ENGR 294. Special Topics in Engineering. 1-3 hours.
Course on multidisciplinary engineering topics that vary from term to term depending on current student and instructor interests. Course Information: May be repeated. Students may register in more than one section per term.

ENGR 393. Engineering Student Leadership Seminar. 1 hour.
Peer student leadership topics in Engineering, team building events, self reflection, feedback and program assessment. Course Information: Satisfactory/Unsatisfactory grading only. May be repeated. Students may register in more than one section per term. No graduation credit. Prerequisite(s): Open only to juniors.

ENGR 394. Special Topics in Engineering. 1-3 hours.
Course on multidisciplinary engineering topics that vary from term to term depending on current student and instructor interests. Course Information: May be repeated. Students may register in more than one section per term.

ENGR 400. Engineering Law. 3 or 4 hours.
Overview of the legal system. Legal principles affecting the engineering profession. Professional ethics in engineering. Intellectual property law. Basic contract and tort principles. Environmental law. Course Information: Same as MENG 400. 3 undergraduate hours. 4 graduate hours. Extensive computer use required. This is an online web-based course. Prerequisite(s): Senior standing or above.

ENGR 401. Engineering Management. 3 or 4 hours.
Theory, strategy, and tactics of the use of project management including project planning, matrix management concept, and team meetings. Course Information: Same as MENG 401. 3 undergraduate hours. 4 graduate hours. Extensive computer use required. This is an online web-based course. Prerequisite(s): Senior standing or above.

ENGR 402. Intellectual Property Law. 3 or 4 hours.
Patent, copyright, trade secret, mask work, and cyber-squatting legal and procedural principles; protection for novel software, biotech inventions, and business methods; and trademark protection for domain names. Course Information: Same as MENG 402. 3 undergraduate hours. 4 graduate hours. Extensive computer use required. This is an online web-based course. Prerequisite(s): Senior standing or above.
ENGR 403. Reliability Engineering. 3 or 4 hours.
Probability overview; statistics overview; system reliability modeling and prediction-static methods; system reliability modeling and prediction-dynamic methods; maintainability and availability; reliability optimization; and risk analysis. Course Information: Same as MENG 403. 3 undergraduate hours. 4 graduate hours. Extensive computer use required. This is an online web-based course. Prerequisite(s): Senior standing or above.

ENGR 404. Entrepreneurship. 3 hours.
Identify new business opportunities in technology, market value assessment, competition, business plan, funding acquisition, intellectual property protection and case studies. Course Information: Prerequisite(s): Open only to seniors; and consent of the instructor.

ENGR 420. Engineering for Success. 1 hour.
Interactive seminars will be given by persons with engineering degrees having shown high achievement in either engineering or non-engineering endeavors. Course Information: Satisfactory/Unsatisfactory grading only. Prerequisite(s): Junior standing or above.

ENGR 436. Wireless Data. 3 or 4 hours.
Data communications, existing Wireless Data Networks, planning, topology, performance, and operation. Course Information: Same as MENG 436. 3 undergraduate hours. 4 graduate hours. Previously listed as ENGR 410. Extensive computer use required. This is an online web-based course. Prerequisite(s): Senior standing or above and a course in digital communications and an introductory course in wireless communications.

ENGR 493. Engineering Student Leadership Seminar. 1 hour.
Peer student leadership topics in Engineering, team building events, self reflection, feedback and program assessment. Course Information: Satisfactory/Unsatisfactory grading only. May be repeated. Students may register in more than one section per term. No graduation credit. Prerequisite(s): Open only to Seniors.

ENGR 494. Special Topics in Engineering. 1-4 hours.
Course on multidisciplinary engineering topics that vary from term to term depending on current student and instructor interests. Course Information: 3 undergraduate hours. 4 graduate hours. May be repeated. Students may register in more than one section per term. Prerequisite(s): Junior standing or above; and consent of the instructor.
